The festival is for everyone - new arrivals and long-time residents, job seekers and employers, young and old. The festival is all about trying something new, learning from each other, and connecting with people you never thought you would meet.

Take a hip-hop dance workshop or try open mic stand-up comedy. Get advice on how to start a business or nail that big job interview. Tell us about your next job move or sit down and talk to a total stranger for 50 minutes about immigration. Find your opportunity.

TUE AUG 23
